

FIRE-RATED NARROW PROFILE STEEL DOORS & FRAMES

Fireframes® Designer Series doors and frames incorporate precise European engineering to provide a sleek, modern alternative to traditional steel hollow metal frames with glass sizes surpassing traditional systems.

FIRE RATING
20 / 45 / 60 / 90 MINUTES

FEATURES

- Fire ratings of 20-90 minutes (45-90 minutes with required hose stream test)
- Easy installation similar to typical storefront systems
- Narrow steel profiles
- Full-lite doors available in single leaf or double leaf design; see Fireframes Designer Series Door fact sheet
- Durable welded steel construction of doors
- Modular system that can incorporate 20/45/60/90 minute Fireframes Designer Series doors
- Can be used with wired glass, Fireglass®20, Pilkington Pyrostop®, or the FireLite® family of products
- Available as a temperature rise door for 60-90 minute applications
- Frames supplied welded or "K-D" (knock-down) ready for installation
- Door hardware available to fit functional requirements. Please check with TGP for compatibility
- Finish powder coating at the factory to match desired color scheme
- Arched profiles
- Brushed stainless steel finish available for fire ratings up to 45 minutes

Notes:

This product is not intended for use in locations requiring a barrier to radiant heat, as it does not meet test standards ASTM E119 or UL 263. If your jurisdiction requires "barrier to heat" framing, please contact Technical Glass Products regarding Fireframes products that meet the barrier to heat requirement.
